## **Old Business**

GSS Attendance Policy: conflicts with class? Forcing them will not mean that they will get anything out of it...At the very least, make sure absences can be excused as necessary. What about having 50% of available members to go? Right now we have it at requiring 75% of your NM class must go to at least one meeting. In the past, GSS has been looked at as something that you have to go to...It didn't motivate people to go. We need support to back this up. We are trying to make it to where we expect them to attend, but also WANT to attend.
